[My Favorites](#)

[All videos](#)

<name of video #1>

<name of video #2>

<name of video #3>

<name of video #4>

Notes for developer:

The links should be clickable,

React docs suggest using <button>

Our data has fake video names.

replace <id of video> with id

A fullcolored heart means

it is favorite while an empty

heart means it is not favorite
